

Curriculum Vitae

(last updates: June 12, 2022)

Personal data

First name: Takayuki
Last name: Tatekawa
Gender: Male
Nationality: Japanese
Present Position: Associate Professor (tenured)
Present Affiliation: National Institute of Technology, Kochi College
Present Address: 200-1 Monobe-Otsu, Nankoku, Kochi, 783-8508,
JAPAN
E-mail: tatekawa (at) akane.waseda.jp
ORCID: 0000-0002-0139-0480
Web of Science ResearcherID: ABE-3478-2020
Web Page: <https://www2.yukawa.kyoto-u.ac.jp/~tatekawa/>
<https://tatekawa.sakura.ne.jp/>

Academic degree

Date	Degree	University	Place
March 15, 1997	Bachelor of Science	Waseda University	Tokyo, Japan
March 15, 1999	Master of Science	Waseda University	Tokyo, Japan
March 15, 2002	Doctor of Science	Waseda University	Tokyo, Japan

Education

Period	Institute	Place
April 1993-March 1997	Undergraduate, Department of Physics, Waseda University	Tokyo, Japan
April 1997-March 1999	Master's Program, Department of Physics, Waseda University	Tokyo, Japan
April 1999-March 2002	Doctoral Program, Department of Physics, Waseda University	Tokyo, Japan

Doctor thesis

Title: Structure Formation in the Universe and Statistics of Self-Gravitating Systems
Supervisor: Professor Kei-ichi Maeda (Department of Physics, Waseda University)

Research and professional experience (full time)

Period	Position	Institute
April 2002-March 2005	Research Associate	Department of Physics, Waseda University
April 2006-March 2008	Lecturer	The Center for Continuing Professional Development, Kogakuin University
April 2009-March 2012	Postdoctoral Research Fellow	Center for Computational Science & e-Systems, Japan Atomic Energy Agency
April 2012-April 2016	Associate Professor	Center for Information Initiative, University of Fukui
April 2017-March 2018	Specially Appointed Assistant Professor	National Institute of Technology, Kochi College
April 2018-	Associate Professor	National Institute of Technology, Kochi College

Research and professional experience (part-time)

Period	Position	Institute
April 2005-March 2006	Visiting Lecturer (part-time)	Department of Physics, Waseda University
April 2005-March 2009	Visiting Researcher	Research Institute for Science and Engineering, Waseda University
April 2005-March 2009	Part-time Lecturer	Department of Physics, Ochanomizu University
September 2005-March 2006	Part-time Lecturer	Faculty of Urban Liberal Arts, Tokyo Metropolitan University
April 2006-March 2008	Part-time Lecturer	Department of Physics, Waseda University
April 2008-March 2009	Part-time Lecturer	Department of Computer Science, Kogakuin University
June 2008-March 2009	Part-time Lecturer	Azabu High school
April 2012-	Adjunct Researcher	Research Institute for Science and Engineering, Waseda University

Short Visit

- Laboratory of physics, École normale Supérieure de Lyon (ENS-Lyon): September 2-24, 2004

Research Related Activities

- Member of The Physical Society of Japan
- Member of The Astronomical Society of Japan
- Member of The International Astronomical Union

- Refereeing for
 - Astron. Astrophys.
 - Astronomische Nachrichten
 - Class. Quant. Grav.
 - Euro. J. Phys.
 - Europhys. Lett.
 - Phys. Rev. D
 - Phys. Rev. Lett.
 - Prog. Theor. Phys.

Main Research Interests (Physics)

The number corresponds to that in publication list.

- Structure formation in the Universe
 - Lagrangian perturbation theory [4-7, 9, 10, 12, 13, 15, 22, B1, P1, P4, P5, P7]
 - Initial condition problem for cosmic N-body simulation [17, 23, 25, P10, P14]
- Statistical mechanics in self-gravitating system [1, 2, 8, 21, P2, P3, P9, P12]
- Post-Newtonian dynamics [24]
- Long-range interacting systems [3, 11, P6, P8, P11, P13]
- Dark energy models [14, 16]
- Cosmology based on quantum physics [18]
- Modified gravity models [19, 20]

Main Research Interests (Computer science)

- Grid computing [1,2, P1-P4]
- Cloud computing (Distributed parallel computing)
- General Purpose Graphic Processing Unit (GPGPU)

Grants

- 2002-2003: Structure Formation in the Universe and Self-gravitating Systems
(Waseda University Grant for Special Research Projects, Individual Research 2002A-868)
2002-2003: 200,000 Yen
- 2003-2004: Structure Formation in the Universe and Fractal Analysis
(Waseda University Grant for Special Research Projects, Individual Research 2003A-089)
2003-2004: 388,000 Yen
- 2004-2006: Statistical mechanics in self-gravitating and long-range interacting systems
(Grants-in-Aid for Scientific Research, Ministry of Education, Culture, Sports, Science and Technology, Japan; Young Scientists (B) 16740152)
2004-2005: 2,300,000 Yen
2005-2006: 1,400,000 Yen

- 2009-2011: Quasi-equilibrium evolution in self-gravitating and long-range interacting systems (Grants-in-Aid for Scientific Research, Ministry of Education, Culture, Sports, Science and Technology, Japan; Young Scientists (B) 21740188)
2009-2010: 3,000,000 Yen
2010-2011: 900,000 Yen

Scholarship

- April 1995-March 2002 Scholarship from the Japan Scholarship Foundation
April 1995-March 1997 44,000 Yen/month
April 1997-March 1999 83,000 Yen/month
April 1999-March 2002 117,000 Yen/month
- 1995, 1996 Azusa Ono Memorial Scholarship (Waseda University)
300,000 Yen/year
- 1999-2001 Scholarship for Doctoral Program students (Waseda University)
150,000 Yen/year

Names of Reference (Physics)

- Kei-ichi Maeda: Department of Physics, Waseda University, Japan
- Masahiro Morikawa: Department of Physics, Ochanomizu University, Japan
- Masa-aki Sakagami: Graduate School of Human and Environmental Studies, Kyoto University, Japan

Publications (Physics)

Book chapter

- [B1] T. Tatekawa and S. Mizuno
Analytic approaches to the structure formation in the accelerating universe
in "Dark Energy: Theories, Developments, and Implications"
(K. Lefebvre and R. Garcia eds.) (Nova Science Publishers, New York, 2010), 241-294
