External Scientific Advisory Committee

The role of the **External Scientific Advisory Committee (ESAC)** will be to provide external assessments and guidelines for the development of the UNDRK's program. The ESAC will be invited to participate in the most important SC meetings and in the scientific organizing committees of the events that will be organized by this action. The ESAC is composed by:

- Gianfranco Bertone (Amsterdam University).
- Anatael Cabrera (CNRS)
- Lam Hui (Columbia University).
- Kazhunori Kohri (NAOJ).
- Mariangela Lisanti (Princeton).
- Nanda Rea (ICE).
- Tracy Slatyer (MIT).
