

BREAKFAST IN MINAMI-OSAWA (AND HASHIMOTO)

- In the map of Minami-Osawa on Page 2, there are 7 places.

(1) Ito Yokado

This is the largest supermarket near the Minami-Osawa Station. At the grocery section all kinds of food are found and is open from 10:00 to 23:00. Probably it is a good idea to buy something for breakfast in advance a night before and have it at each one's room.

(2) am pm

This is one of "convenience stores" in Japan. I would say that the variety of foods at Japanese convenience stores is much richer (e.g., bread, limited kinds of sushi, etc.) than those in US. It is open 24 hours a day. Probably it's worth visiting there once.

(3) McDonald's

It is open from 7:00 to 22:00.

(4) Wendy's

It is located in a mall called Fab Minami-Osawa. It is open from 8:00 to 22:00.

(5) Starbucks Coffee

It is also located in Fab Minami-Osawa. It is open from 7:00 to 22:00.

(6) Doutor Coffee

It is located in a mall called Paore. One of the branches of the Japanese coffee shop. They have some sandwiches as well as coffees and teas. It is open from 7:30 to 21:00.

(7) Mister Donut

One of the branches of the Japanese doughnut shop. It is open from 8:00 to 1:00.

- In the map of Hashimoto on Page 3, there are several places: Supermarkets such as SATY, UNY, Ito Yokado; Convenience stores such as Seven Eleven, Lawson, Family Mart, which are open 24 hours a day; McDonald's in the building of "SATY" opens at 10:00, but there are several other hamburger shops near the Hashimoto station. Unfortunately, I'm not familiar with their open hours etc.

- In emergency you might want to try the vending machines on the first floor of the Science Building in the campus (the red cross marked by (A) in the map on Page 4; the International House is No. 14, and the Science Building is No. 15). They got built-in microwave ovens and the foods will be served in about 100 seconds. The price is approximately 300 yen and the menu includes spaghetti, fried rice, hot-dogs, fried noodles, rice balls, French fry, etc. Also there is a student store in the campus (the red square marked by (B) in the map on Page 4) which has some class of foods etc. It is open from 10:00 to 20:00 on weekdays.
