

NuFact 04

Summer Institute

3rd International School on the Neutrino Factory

July 16 - 24, 2004

Tokyo Metropolitan University, Hachioji, Tokyo

Organized in conjunction with the NuFact04 Workshop,
Osaka University, July 26 - August 1, 2004

The aim of the school is to provide young particle physicists with an introduction to both the particle and accelerator physics aspects of neutrino factories and superbeams. The long-term goal of the series is to lay the foundation for a large multi-national group of scientists with the diverse skills that are essential for a Neutrino Factory Complex.
