

June 24, 1953

Dear Dr. Hein:

I am indeed sorry that I could not finish writing the manuscript of
my lecture earlier. I enclose herewith a copy of it. I hope it is not too late.
I and my wife are going to leave here on 28th of June as I told you already.
Since our arrival there in Lindau is supposed to be rather late in the evening
of 29th Of June, I think we had better resign from attending the dinner party,
unless it is necessary for some reason or other.

Looking forward to seeing you and other members of your committee
very soon,

Yours sincerely,

Hideki Yukawa
