

Aug 1, 1958

I appreciate very much your kind invitation and hospitality extended to us through National Research Council.

There During my stay in Rio and São Paulo, I have had the impression that Brazilian physics may well be developed greatly in a few years from now, because there are groups of competent physicists both in Rio and São Paulo who are actively engaged in research. at present

I think it is wise to give ample support to these groups. ~~at present~~ However, ~~it~~ I noticed the acute shortage <sup>of leading</sup> leading physicists and young <sup>both of</sup> researchers. ~~More vigorous and~~ encouragement of exchange of physicists between Brazil and

Japan would considerably  
contribute to resolve ~~this~~  
problem of shortage of physicist  
too.
