Berne

Dear Professor Mercier:

I am in receipt of your letter of 24 October, expressing your wish to receive information concerning our coming Conference.

So far, besides individual invitations, the circular sent to national committees of IUPAP and the provisional programme are the only formal communications we have sent out, but I assure you that you will be included in our mailing list for all future circulars. We intend to publish the complete proceedings of the meeting after the event, and you will of course receive particulars concerning this publication too when it becomes available.

Yours sincerely,

Yoshio FUJIOKA
Secretary of the Conference
