International Conference on Theoretical Physics

15 December 1952
Ref.: Ch. 513

Name

Address

Dear _____:

I am pleased to understand from your letter

(1) addressed to Dr. Kotani (1) that you plan to make
(2) of _____ (2) arrangements for attending our coming conference.

Our preparations have reached the stage where we must begin to think of portioning the subsidies available for the assistance of the travel expenses to Japan of our invited guests, and I wonder whether you might be in a position to report anything more definite in regard to the prospects of your finding sources within your own country of funds to cover part of your travel expenses.

We should be much obliged to be currently informed of any changes in your situation.

Sincerely yours,

/s/

Yoshio FUJIOKA
Secretary of the Conference.
