A method of Solving Nuclear Collision Problems

April 24, 1936

Slow Neutron \rightarrow Anomalous Absorption with 1 volt of potential

- 1) Resonance or sharp \rightarrow 1 volt of potential
- 2) Scattering \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler

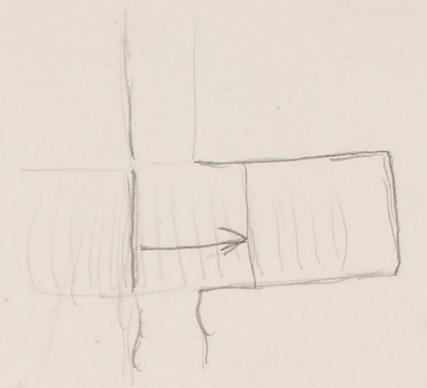

virtual level \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.

resonance \rightarrow Bohr, Wigner, Heitler. sharp \rightarrow virtual level \rightarrow Bohr, Wigner, Heitler.
