Telephone  
I am sorry that I shall not be able to  
However, I am glad to send a short message.  
We admire Dr. Einstein particularly because  
he revealed us uncovered the profound beauty  
of nature. He taught us how intimately  
connected ~~and~~ is ~~the~~ truth beauty,  
~~the~~ sensibility to the harmony of nature  
We must very grateful to  
his ceaseless effort for peace and freedom  
of mankind, <sup>which, I think,</sup> is supported by his firm  
belief in the harmony of nature embracing  
humanity.
