Dear Professor Yukawa,

I am sending you herewith the proof of your biographical sketch and shall feel obliged if you will return it with corrections.

I regret very much to hear that you are ill but I hope that you will recover soon.

Do you think that you will be able to send me the manuscript to your Nobel lecture before end of May? If not, it could be published next year in "Les Prix Nobel en 1950".

With kindest regards and best wishes for your recovery, I am,

Cordially yours

Arne Holmberg
