Tokyo.

Dear Sir,

I beg your kindness to give me a copy of your  
recent work:

ON THE INTERACTION OF ELEMENTARY PARTICLES. IV.

Proceedings of the Phys.-Math. Society of Japan, Vol. 20, pp. 720-745, 1938.

I am working on a field theory of the nuclear forces  
the relativistic treatment of which is introduced in  
nuclear mechanics by your pioneer work at 1935.

I remain Sir

Yours very truly

A. Kalitvickis
