Dear Sir,

I am very grateful for your kindness regarding the reservation of the hotel room. I am sorry to trouble you so often by asking you <sup>about</sup> the date of my delivering a short-lecture before <sup>and then</sup> the meeting.

I believe that you received <sup>from me</sup> a few months ago the application form attached to the programme No. 1, in which I offered to read a paper. Perhaps you have sent the programme No. 2 already to my address in Japan, but I regret that I could not received it, since I had started on journey to Europe ~~as early as June 30~~ on 30 June. I

I would be very much obliged if you would kindly inform me again of details of the Meeting, especially of the Section of Nuclear <sup>Programme</sup> Physics, as early as possible.

Yours very truly
