Dear Professor Scherrer,

I am very grateful to you for giving me the opportunity of attending the International Meeting on Physics and of making a speech there. I started on journey from Japan on 30, June and I am now in Berlin. Thus I do not yet read the programme No. 2, which I believe were sent to my address in Japan, so that I am ignorant of the date of my lecture as well as other details of the meeting.

I shall be very much obliged to you, if you would kindly inform me of them as early as possible. Hoping that I shall have the honour of seeing you soon at the meeting, I remain,
Yours very truly,
