Dear Subscriber:

Renewal orders for 1940 for publications of this Institute are now due. We have checked on the attached renewal order all subscriptions which expire in December.

Additional new subscriptions may be entered by checking the desired journal and including the payment for that journal with your renewal remittance.

It is the policy of this Institute and its Founder Societies to require payment in advance for subscriptions. Because of foreign exchange control in many countries we must enforce this policy rigidly. Checks and money orders should be made payable to the American Institute of Physics.

We ask your cooperation in giving us the classification of your subscriptions, as indicated on the renewal blank. This information will greatly facilitate the handling of subscription records.

Please note that no refund or credit can be allowed on subscriptions which are cancelled before expiration.

Very truly yours,

Madeline M. Mitchell
